

Steering Wheel Covers

- Keeps grease and dirt off of one of the most noticed and expensive parts on the car today
- Double-band and shower-cap styles available to cover every application.
- Unique double-band steering wheel covers stays in place while allowing access to airbags and other controls
- Remember! Gloves keep the technician clean, not the interior of the customer's vehicle
- Standard size covers virtually all passenger and light truck vehicles. These covers are 5" wide and stretch to 24"
- Extra-large size fits the oversized steering wheels of Big Rigs, Motor Homes and light industrial equipment. These covers are 9" wide and they stretch to 40"
- Much easier to apply and remove than stretch wrap style covers
